History

The 3d Infantry Division was activated at Camp Greene, North Carolina, in November 1917. Eight months later, at midnight on July 14, 1918 the Division went into combat for the first time. During World War I, as a member of the American Expeditionary Force to Europe the Division earned its name as the "Rock of the Marne", when surrounding units retreated, the 3d Infantry Division remained rock solid. Although the stand was quite successful, we paid a high price. General "Black Jack" Pershing said it best when he called the Division's performance one of the most brilliant of our military annals. World War II was to add even greater glory to the Marne Legend. As the sole United States fighting force for 431 continous days of combat, the 3d Infantry Division fought in places like Casablanca, Anzio, Rome, the Vosges Mountains, Colmar, the Siefried line,Palermo, Nuerberg, Munich, Berchtesgaden, and Salzberg. 3d Infantry Division soldiers earned two medals of honor during World War I, and 36 more in World War II. The most decorated soldier in World War II was among them: Lieutenant Audie Murphy, serving with the 15th

Infantry in Italy and France. During the Korean War, the Division, being returned to Germany to secure the defense of Europe and ultimate lywin the Cold War. In November of 1990, soldiers of the 3d Infantry Division were once again called into action. following Irag's invasion of Kuwait, over 6,000 Marne men and women deployed with Operation Desert Storm as part of the Allied Coalition which brought a Swift end to Saddam Hussein's military aggression in the gulf region. Nearly 1,000 soldiers deployed to South-Eastern Turkey and Northern Irag to provide comfort to Kurdish Refugees. Almost 100 were part of Task Force Victory,which began the task of rebuilding Kuwait. Today, a new chapter of Marne history begins with the activation of the 3d Infantry Division (Mechanized) at Fort Stewart and the Coastal Empire. "Rock of the Marne"!

Local Community

Local Community Overview

Many Hunter Army Airfield families live off-post in nearby communities. Living accommodations range from apartments to single-family subdivisions or apartment complexes. The majority of Hunter personnel live in near-by areas such as Garden City, Richmond Hill (20 miles southwest of Savannah).

Savannah is located on the Atlantic Coast, at the confluence of the Savannah River. The city is located on the boarder with South Carolina. Savannah is within easy driving distance of Atlanta, Macon, Columbia, Charleston, and Jacksonville. Inter-state 95 links Savannah with other cities along the East Coast, while Inter-state 16 connects Savannah with Macon and Atlanta. Numerous U.S. Highways provide alternative links to cities throughout the area.

History -

Savannah, located in the last of the 13 colonies, had its beginnings when General James Oglethorpe and 12 weary travelers from the English ship "Ann" ended their journey at Yamacraw Bluff in 1733. Savannah prides itself on the cultural and social identity, and its residents built lavish homes that reflect the affluence of the mid-1700's to mid-1800's. James Oglethorpe is credited with the first "planned City" in the United States; the same year the colonist landed. The shady square parks that give Savannah an air all its own were created two and a half centuries ago. The city grew and flourished as its preeminence as a port and trade center became acknowledged; for almost a century the Savannah Cotton Exchange set world progress. Savannah's luck changed with the onslaught of the Civil War, a period punctuated by blockades and stifling of the city's trading economy, finally ending in flames as General William Sherman reached the goal of his "March to the Sea". As the city struggled to rebuild its economy after the war, the original residential and trading centers were slowly abandoned. Then in the 1950s the first efforts at restoration of the historic district began - and

Savannah found its identity again, this time as a preserver of the invaluable past. After 30 years of determined and creative efforts, Savannah's heritage is a vital part of her present and future.

FAMILY MEMBER DENTAL PLAN

Tricare - Active Duty Family Member Dental Plan (FMDP) is a voluntary comprehensive dental plan available to all active duty family members of the seven Uniformed Services. FMDP covers all types of professional dental services. Service families must receive dental treatment in the FMDP service area which is limited to the United States, District of Columbia, Canada, Guam, Puerto Rico or the U.S. Virgin Islands. The plan has cost shares, maximums, limitations and exclusions, similar to typical civilian group dental plans. The amount covered by the plan ranges from 100 percent to 40-50 percent, depending on the type of dental service. Detailed or coverage are fully described in the FMDP Benefit Booklet available at the dental clinic. Enrolled family members may receive dental care from any licensed/authorized dentist of their choice. However,

family members will get the greatest value from their FMDP coverage if they receive care from a United Concordia Companies Inc. participating dentist. When you see a participating dentist, you will save time, paperwork and money. Non-participating dentist may provide care to family members, but are not bound by agreement with United Concordia. This means that if your dentist is not a participating dentist, you may need to: pay the dentist the difference between United Concordia's allowance and the dentist's usual charge, and you may have to submit your claim form to United Concordia. For help in locating a participating dentist in your area, contact your Installation Health Benefits Advisor or United Concordia Customer Service at 1-800-866-8499.

Child Care Programs - on Installation

Child Development Services provides a developmental program which encourages social, emotional, physical and intellectual growth. We nurture the whole child while promoting self-confidence, independence, cooperation and consideration. CDS seeks to meet the needs of the community by providing services to working and non-working parents. Center programs offered include full-day, hourly, and school age care. School age has moved to a separate building.

Family Child Care (FCC) homes also operate on Hunter. Dependents wishing to watch children in their base quarters undergo training and safety inspections. There is more flexibility with a FCC home which may benefit some parents. Children who use the services must be registered. Currently there is a \$20 registration fee to register your children in either the center or FCC. Registration can be reached at 352-5425. Registration hours mon-Fri 0830-1630

Survival Tips For First Termers

Survival Tips for First Termers Overview

Being in the Army presents many challenges for families. It is not always easy to juggle military duties, personal and financial obligations, while attending to the needs and wants of immediate and extended family. Military families are very special and are admired by many for their ability to make military life attractive. We know though that this requires a great deal of planning and solid preparation. Listed below are some "Survival Tips" to help you and your family as you face the challenges and opportunities of the Mobile Military Lifestyle.

Before You Move

Start saving now. Any PCS move is going to cost money. Experts say 3-6 months pay in reserve will cover emergencies amply. Get a sponsor at the new post. He or she will probably be able to answer a lot of the questions you are going to want to ask.

Contact Army Community Service (ACS), Relocation Assistance Program at the new post, ask for a Welcome Packet, Road Maps, etc. Also, contact your Relocation Assistance Program at your losing post so they can provide you with information on your new duty station from the Standard Installation Topics Exchange Service (Sites) files. Ask if they have a Family Member Employment Assistance Program if your spouse needs a new job.

Find out your new mailing address. Even if it is only your new unit or a Postal Service Center, you'll need at least a temporary new address.

Send out change of address letters (credit card companies, loan companies, magazines, banks, anyone who owes you money or a deposit refund, insurance companies). Go through your address book, your bills and financial papers from the past couple of months. Make out a list of company addresses, telephone and account numbers, etc.

Leave a forwarding address with the post office or Postal Service Center, as well as with your old unit.

Gather all important papers, records, ID cards, wills, etc., keep them handy throughout the move.

Talk to the staff at your Unit PAC. They can give you an idea as to how much travel pay you will receive, talk to them about dislocation and temporary allowance, etc..

Go through your household goods and get rid of all those things you no longer want or need. You'll only have to unpack them at the other end, and if you are over your weight allowance, you'll have to pay for additional shipping.

Talk to the housing office about temporary lodging after you clear your current quarters and before you actually depart for your new duty station.

Get your children's school records or arrange for them to be sent to their new school.

Get family medical records that may be held by civilian doctors. Carry medical records with you if special needs must be met enroute.

If you are renting an apartment or house off-post, arrange for an inspection after your household goods are removed. Get an agreement in writing that any damage or deposit money will be refunded.

After You Arrive

After you arrive you need to contact your sponsor. Visit the finance office, ACS for community information and assistance.

Attend the newcomers orientation, so you can become familiar with the programs available to you and your family.. We also do a post bus tour at the end of the briefing. If you are in need of cooking utensils, table and chairs, futons for sleeping, etc., go to your lending closet.

Contact your family housing office for on-post Housing Referral Office for information on off-post housing in this area.

Notify transportation of your arrival, so you can arrange for delivery of household goods.

Contact your loved ones to notify them that you have arrived at your new duty station.

Reporting Procedures

Reporting In to Installation:

Personnel will report to 3rd Repl Detachment at Fort Stewart which maintains SIDPERS accountability for all new soldiers until they are fully inprocessed and moved to their unit. Soldiers in grades E-5 and below are assigned to the detachment during inprocessing. After sign-in at the replacement detachment, senior NCOs and officers are given their assignment instructions before going to the Marne Welcome Center. During this time, soldiers are told about the processing they must complete before reporting to their new unit. They are briefed on the Standards of Conduct and the Marne Standards. Preparation for Overseas Redeployment (PORE) checklist is begun and personnel files are screened to determine processing requirements. Records are then sent to personnel management, where unit assignments are made. Soldiers get their assignment one day after their arrival at the Replacement Detachment.

Newcomers Orientation:

Newcomers Orientation is held every Wednesday at 0930 hours at the Community Center, Bldg 1286, Hunter Army Airfield. All new soldiers are required to attend Post Newcomers Orientation. Spouses are welcome and encouraged to attend.

Travel Planning

Don't take or spend advance pay unless it is absolutely essential. You will pay it back by monthly deductions from your pay. So you will have less to live on every month until it's all paid back. Don't take advance pay just to blow it on a stereo or car or something you just WANT. Be even more cautious of considering a casual pay.

Where the money might come from:

Dislocation Allowance (DCA): two months' BAQ. (You will not receive this until well after you arrive at your new post - don't count on it being there when you need to pay deposits on a new apartment, or home).

Travel Pay: This is mileage related, and is usually not paid until after you check in to the new post.

Money might come in from a garage sale before you move. Refunds on rent and damage deposits from your old home or apartment. Again, it may take a couple of months to get these. Returned deposits, plus interest: apartment, utilities, etc. Lower cost of living or increased VHA. Interest on advance base pay.

PLAN AHEAD. START SAVING NOW.

Vehicle Ownership

Persons driving on Hunter are to have a valid insurance card and registration. Newcomers must register their automobiles within 30 days of arrival. Take your last registration receipt, title, and insurance card to:

Chatham County Tag Office 7606 Hodgson Memorial Drive Savannah, Ga. 31406

Average cost to title a car is \$20.00. Driver's license can be obtained on Dean Forest Road, phone 651-3002 for more information on how to obtain a study guide.

Housing and Billeting

Billeting Office: Reservations may be made 60 days in advance. Guaranteed reservation must be confirmed by prepayment, credit card (Mastercard, Visa, Discover, American Express), or personnel must be checked in before 1400 hours.

All incoming personnel must have PCS orders assigning them to this installation or PCS orders to Ft. Stewart and/or definite orders to Hunter Army Airfield.

Eligibility requirements for government quarters or mobile home site at Hunter Army Airfield are soldier's with bona fide family members residing with the military sponsor.

After signing into the gaining unit, personnel desiring to place their name on Family Housing/Mobile Home waiting list must complete an On-Post application to be placed on the appropriate waiting list.

If the service members fails to report to the Housing Office within 30 days after signing into the unit, no advance application credit is given and the date of application becomes the date of eligibility for placement on the appropriate waiting list.

It is the service member's responsibility to notify the Housing Office of any valid lease agreement and provide a copy of the lease for verification. Upon verification, the service member's name will retain its position on the list. When the name reaches the top of the list, the service member will retain this position on the list until 30 days prior to the expiration of the lease.
